

Mobilized Data Collection, Processes & Automated Reporting for

PRELIMINARY DAMAGE ASSESSMENT (PDA)

Mobile Epiphany provides **Touch Mobile PDA**, an application to mobilize Individual Assistance & Public Assistance PDA (IA & PA PDA) efforts including data collection and the automation of all reports to meet State and Federal requirements. Use our comprehensive mobile solution to significantly reduce the time and increase the thoroughness and accuracy of your jurisdiction's PDA work. Touch Mobile PDA was developed in direct coordination with IA and PA PDA inspectors and supervisors from FEMA.

U.S. DEPARTMENT OF HOMELAND SECURITY FEDERAL EMERGENCY MANAGEMENT AGENCY									
PRELIMINARY DAMAGE ASSESSMENT - SUMMARY OF DAMAGES BY APPLICANT									
PART II - Site Estimate Summary (continued)									
PART I - APPLICANT	Site/Component Type Name	Inspected		Projected		Total		STATE	DATE
		S	C	S	C	S	C		
West Virginia	CATEGORY D								
Population	Dams, Levees, Canals, Sediment Protective Devices								
Site/Component	Hydro Electric Pumping Facility								
DAMAGES BY CATEGORY

Touch Mobile PDA can be the single most important tool in your toolbox to streamline the accurate collection and submission of PDA data. Achieve a declaration for Federal assistance funding, easier and faster than you ever thought possible.

Touch Mobile PDA Benefits:

- Designed in conjunction with active FEMA inspectors across multiple regions
- All of the needed forms are built into the system for required data collection for IA & PA PDA (Categories A-G and all their components)
- Quickly collect needed data based on FEMA's best practices and as described in their official PDA documents
- Instantly create critical reports for Site Assessment Sheets, Summary of Damages by Applicant and Potential Subgrantee Summary Forms to cut time to funding

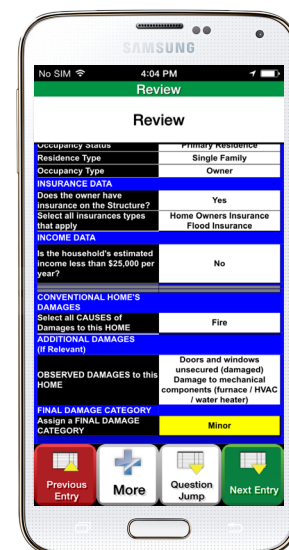

Touch Mobile PDA Features:

- Highly intuitive and user-friendly, even to users unfamiliar with smart devices and the required processes
- The application works online or offline – network connectivity is not required for full use in the field
- Capture photos, signatures, audio, video and draw directly on photos if required
- Role based security and permissions for field users and back office administrators – users only see data relevant to their role and/or geographical location
- Work Crumbing® technology ensures that all data captured is recorded with date, time and GPS location for event tracking and worker productivity analysis
- Runs on a variety of mobile devices including iPhone, iPad (iOS), Android, Windows PC and Blackberry devices

TOUCH  **PDA**
IA & PA
MOBILE PDA

Touch Mobile PDA is the easiest to use and most thorough field-based solution ever developed to mobilize data collection and reporting for preliminary damage assessments!
